Demonstration of Complying with Applicable Service Quality Standards and Consumer Protection Rules

In establishing this certification in its *2005 ETC Order*,¹ the FCC found that an ETC must make “a specific commitment to objective measures to protect consumers.”² The FCC found that for wireless ETCs, compliance with CTIA’s Consumer Code for Wireless Service would satisfy this requirement” and that the sufficiency of other commitments would be considered on a case-by-case basis.³ In this context, the FCC stated, “to the extent a wireline or wireless ETC applicant is subject to consumer protection obligations under state law, compliance with such laws may meet our requirement.”⁴

Mound Bayou Telephone & Communications, Inc. (“Company”) hereby certifies that it is complying with applicable service quality standards and consumer protection rules. The Company is subject to consumer protection obligations under state law and pursuant to the orders in Mississippi Public Service Commission Docket No. 2005-AD-662. These obligations include, but are not limited to, the following: (1) filing a Local Exchange Tariff pursuant to the requirements of Mississippi Public Service Commission which disclose rates, terms and conditions of service to customers; (2) adherence to state consumer protection requirements governing telephone providers under Title 39 Utilities, Part III Rules and Regulations Governing Public Utility Service , Subpart 1, General Rules, and Subpart 3, Special Rules – Telephone Companies, including requirements

¹ *Federal-State Joint Board on Universal Service*, CC Docket No. 96-45, Report and Order, FCC 05-46 (rel. Mar. 17, 2005) (“*2005 ETC Order*”).

² *Id.* at para. 28.

³ *Id.* The FCC noted that under the CTIA Consumer Code, wireless carriers agree to: “(1) disclose rates and terms of service to customers; (2) make available maps showing where service is generally available; (3) provide contract terms to customers and confirm changes in service; (4) allow a trial period for new service; (5) provide specific disclosures in advertising; (6) separately identify carrier charges from taxes on billing statements; (7) provide customers the right to terminate service for changes to contract terms; (8) provide ready access to customer service; (9) promptly respond to consumer inquiries and complaints received from government agencies; and (10) abide by policies for protection of consumer privacy.” *Id.* at n. 71.

⁴ *Id.* at n. 72.

for customer service, billing, consumer complaints, rates and charges, and under Miss. Code Ann. Title 77, Chapter 3 statutes; and (3) truth-in-billing requirements; and (4) CPNI, Red Flag Rules and other applicable federal and state requirements governing the protection of customers' privacy.

Demonstration of Ability to Function in Emergency Situations

Mound Bayou Telephone & Communications, Inc. ("Company") hereby certifies that it is able to function in emergency situations as set forth in §54.202(a)(2)¹ and pursuant to orders in Mississippi Public Service Commission Docket No. 2005-AD-662. The Company's network is designed to remain functional in emergency situations without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations as required by Section 54.202(a)(2). The Company can reroute traffic around damaged facilities. Changing call routing translations will also allow the Company to manage traffic spikes throughout its network, as emergency situations require.

Specifically, each central office building is supplied with standby generators and battery back-up that enable the central office to keep running until power is restored so long as fuel is available, or until system changes are made to reroute traffic. The Company has battery backup at all office locations and in its electronic equipment sites. Length of run time is determined by the equipment serving the area and the number of customers working out of the equipment.

¹ Section 54.202(a)(2) requires ETCs that are designated by the Commission to "demonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations."

RE: FCC Form 481 – Financial Information

Mound Bayou Telephone & Communications, Inc. (Mound Bayou), an RUS borrower, is filing an electronic copy of its 2012 financial statements from its 2012 audit report rather than providing the Form 479 filed with RUS. As part of its electronic filing, a copy of the 2011 RUS Form 479 is being provided.

Due to the Federal Government shutdown and subsequent inability to access records from the USDA's website, Mound Bayou is unable to access its 2012 Form 479 filed with RUS.

As soon as access to the website becomes available, the RUS 2012 Form 479 will be provided.

If you have any questions, please feel free to contact me at 301-459-7590.

Best Regards,

Christine Duncan
